

THE CHICAGO AND NORTH-WESTERN RAILWAY

Penetrates the Centres of Population in

ILLINOIS, IOWA, WISCONSIN, MINNESOTA, NEBRASKA AND WYOMING.

Its TRAIN SERVICE is carefully arranged to meet requirements of local travel, as well as to furnish the most attractive routes for through travel between important TRADE CENTRES.

Its EQUIPMENT of Day and Parlor Cars, Dining and Palace Sleeping Cars is without rival.

Its ROAD BED is perfection, of stone-balled steel.

The NORTH-WESTERN is the favorite route for the Commercial Traveler, the Tourist and the Seeker after New Homes in the Golden Northwest.

Detailed information cheerfully furnished by

C. A. POTTER, Agent,
General Manager, Chicago, Wis.
J. M. WILSON, General Passenger Agent,
E. P. WILSON, General Freight Agent.

MICROBE KILLER.

Is now the rage in America. Dr. H. H. HARRIS, New Orleans, La., is the inventor. It kills every germ of disease in food, water, or air. Over 500,000 bottles have been sold. It is the only disinfectant that is safe and effective. It is the only disinfectant that is safe and effective. It is the only disinfectant that is safe and effective.

LOCAL MATTERS.

The Taylor patent pan-cake baker, for sale by Mr. James Helms, surpasses anything of the kind ever introduced. It saves time and labor, and should be used in every family. Try one.

WANTED—Some good, live agents to handle our goods. Men accustomed to growing grain preferred. Good wages and steady employment.

FARMERS' GRAIN & SEED CO., 51 North Main St.

Lincoln's rules of living—Do not worry. Eat three square meals. Keep your feet warm. Try Brown's equal, Star clear of biliousness. Think of your wife, but by a pair of Brown's fleece-lined rubber boots, only 50 cents. Keep your digestion good. Exercise. Mind your own business. Try Brown's \$2.40 cat boots. Go slow. Keep out of debt; buy for cash. Try the bargain shoe store.

Male and female agents can find pleasant and profitable employment.

GERMAN MEDICINE CO., Office at Union house, Room 1, Jewettville, Wis.

Reduced—We are determined to sell that last pair of wool boots we have in stock and to do so have made the prices very below any competition. Our prices will range from 75 to 95 cents for a splendid good pair. Don't pay more. We can save you money.

BROWN BROS., \$8.00 to loan in large or small sums. O. E. BOWLES.

Red School House Shoes—Our present prices for children only \$1.00, boys and girls—\$1.25. Compare these prices and see if we don't save you money every time.

BROWN BROS.

Mrs. J. L. Spelman wants a good girl, at corner Jackson and Bluff streets.

Our clock stock is unusually large for this season of the year, and we are making great efforts to reduce it by making prices on any of our stylish garments that are acknowledged to be from 20 to 50 per cent lower than the prices quoted elsewhere; and remember the Jersey jacket that goes free with every clock sold at Archie Reid's.

For RENT—New house on Ruger ave third ward, convenient for small family. Apply at this office.

Special bankers' sale for the next ten days at Archie Reid's.

Turkish baths! Only known reliable specific rheumatism.

With every clock bought at Archie Reid's a Jersey jacket is given free, and as the prices on all clocks are reduced one-half, what better offer of a genuine bargain could be made?

Dresses for 1888. Call early and get your choice at Subletland's.

We lead in clocks. Nobby styles and desirable goods at our popular low prices tell the story. See our line before you buy. We can save you money and give you a Jersey jacket free.

THIRTY DAYS—A reduction in price of 20 per cent, will be made on boots and shoes in the stock I have just purchased of L. L. Clark. Come and get a dollar's worth for eighty cents. J. B. Minton.

Our line of short wool wraps that we reduced to \$12.50 are selling fast.

BORN, BAILEY & CO.

Both old and new hardware and the common and Russia stove pipe, always on hand and cheap as the cheapest at Saborn's stove and furniture store.

All winter goods at out prices to reduce stock. As for annual stock taking, we are offering some big bargains.

BORN, BAILEY & CO.

Turkish baths speedily cure Hay Fever.

The most complete line of ribbons in the city, a large stock reserved since Christmas. You will find the shade and width at BORN, BAILEY & CO.

Gentlemen's clothing renovated in a superior manner; satisfaction guaranteed, repairing neatly done.

THOS. E. ANDY, 54 North Franklin street.

Some beautiful effects in new black wool dress goods just received.

BORN, BAILEY & CO.

The great holiday sale will continue one week longer with a full line of goods at Subletland's.

20,000 bushels of oats will warm many homes this winter. Leave your orders with J. H. Gately.

An immense line of new striped eider-downs just received at BORN, BAILEY & CO.

Good four foot wool, \$9.00 per cord. J. H. GATELEY.

At Night always have Ackers' Baby Soother at hand. It is the only medicine you need that will soothe the infant, relieve the mother, and give the child a good night's sleep. Price 25 cents. Sold by Prentice & Evenson O. P. O.

Turkish baths! Incomparable for the complexion.

Good wood sawed in stove lengths at \$4 per cord. J. H. GATELEY.

At Night always have Ackers' Baby Soother at hand. It is the only medicine you need that will soothe the infant, relieve the mother, and give the child a good night's sleep. Price 25 cents. Sold by Prentice & Evenson O. P. O.

BRIEFLETS.

—Milwaukee street after 8 p. m. has a deserted look.

—The rink will be open for skating to-morrow afternoon.

—The Traveling Men banquet this evening at the Park.

—Episcopians are celebrating the feast of the Epiphany.

—The fire police complain that the new alarm isn't loud enough.

—Judging from Landford Johnson's preparations the drummers will live high.

—Mr. John Hicks, of Ruger avenue, third ward, is very low and not expected to survive long.

—The Young Ladies' Quadrille club party has been set for one week from next Thursday.

—The Janesville Concordia Society held a pleasant social at their hall in the Mitchell block last evening.

—Rock River Encampment No. 3, I. O. O. F., assemble in regular semi-monthly session this evening at Odd Fellows hall, North Main street.

—M. C. Parney, of Chicago, is in the city to-day attending to business matters. While here he is the guest of his sister, Mrs. J. C. Cook, of the first ward.

—We infer from an item in this morning's Recorder, that the local editor of that paper has been duly initiated into the mysteries of the Milwaukee tribe.

—People's Lodge No. 463, Independent Order of Good Templars, assemble in regular weekly meeting this evening—large room in the Court Street B. B. church block.

—Janesville was beaten in the polo game at Racine last night by a score of 3 to 2. The game was a short one and an exhibition match followed. In this game was also victorious.

—Mr. and Mrs. Fred M. Crouse, who have been making their home for some time in Racine, where Mr. Crouse held a position in a drug store, are home again, and will probably remain in Janesville.

—There was a very small audience present to witness the second production of "Kit, the Arkansaw, Traveler" at the opera house last evening. Those present, however, report the performance even better than on Wednesday evening.

—Hon. Fenner Kimball takes the "diploma" for having turned in the first fire alarm at the new fire alarm system.

He "pulled" box No. 81 at 2:20 o'clock this morning, calling the fire department to the Wisconsin Shoe Co's factory on South Main street.

—Last evening the union prayer service was suspended, and each of the local congregations worshipped in their own church. To-night services will be resumed. The meeting will be led by the Rev. Thomas Walker, and will be held in the Congregational church.

—When the fire came last night negotiations were pending for the sale of the Wisconsin Shoe company plant to Phelps, Dodge & Palmer, of Chicago. At that time the firm's intention was to take factory, machinery and all; but they have now reconsidered and will only include in their proposition the machinery.

—Oliver Branch Lodge No. 36, Ancient Order of United Workmen, assemble in regular semi-monthly meeting this evening—large room in the Smith block, East Milwaukee street. Their new hall will be dedicated this evening, the ceremony concluding with a supper and dance.

—It is evident that after the common council purchases a new hook and ladder truck, one equipped with apparatus to enable the firemen to mount an ordinary two-story building, an alarm bell will be in order, one capable of being heard a couple of blocks away from the engine house. Perhaps a large steam whistle located at the water works pumping station would answer the purpose.

—Grand Master T. H. Horvick, of the Grand Lodge, United Workmen, arrived in the city at noon, from Oshkosh. Mr. Horvick will conduct the installation ceremony at Oliver Branch Lodge this evening, and will return home on the early morning train. Many years ago he resided in Janesville, and was engaged in the furniture business with R. Brand & Co. He is engaged in the same business at Oshkosh, besides being an elderman. While in this city Mr. Horvick is a guest of Mr. and Mrs. A. C. Bates, Million avenue.

—That portrait in water colors now on exhibition in the show window at King's book store, is a most correct likeness of Dr. and Mrs. W. H. Judd's little four months old baby. It is the work of Mrs. S. S. Judd and only adds additional proof that she is an artist of rare merit. Mrs. Judd has painted many first class pictures, all ranking very highly among lovers of this class of art. The little baby portrait was presented to Dr. Judd as a Christmas present, and as such it is doubly prized.

—The catalogue of Beloit College for 1887-88 is on our table. The institution is in a very flourishing condition. Its faculty numbers 15 gentlemen, including eminent scholars, besides 10 special lecturers. C. W. Pearson, Ph. D., who received his degree at the University of Gottingen, has been called to Beloit this year to instruct in modern languages; T. L. Wright, M. A., returns from Greece to assist in the classics and history, and Edward M. Booth, M. A., the well known eloquentist, has been elected instructor in elocution. The catalogue shows a total of 265 young men in attendance. This is a gain of 55 per cent over the attendance of last year, and is the largest number Beloit ever enrolled; and we understand the numbers have still further increased since the publication of the catalogue.

FOR THE WEEK OF PRAYER.

The following topics have been arranged for the week of prayer.

January 2.—Prayer for an increase of spiritual power in the churches.

January 3.—Prayer for greater fidelity to common Christian duties.

January 4.—Prayer for the children and youth in our homes and in our schools.

January 5.—Prayer for the conversion of moral reform and the conversion of souls.

January 6.—Prayer for deep conviction.

—THE GAZETTE IS ONE OF THE LARGEST AND BEST DAILIES PUBLISHED IN THE STATE; THE SUBSCRIPTION PRICE IS ONLY 10 CENTS A WEEK DELIVERED TO ANY PART OF THE CITY.

FOR SALE.

Fancy grocery and fruit store, with bakery attached. The best paying business in the west, for capital invested. Established 28 years. Satisfactory reasons for selling.

Address J. A. DENNISTON, 107 Milwaukee St., Janesville, Wis.

Turkish baths magnificently relieve worst colds.

Advice to Mothers.

Mrs. Wines' Baby Soother is the best medicine for children. It soothes the child, cures the mother, and gives the child a good night's sleep. Price 25 cents. Sold by Prentice & Evenson O. P. O.

Turkish baths! Incomparable for the complexion.

Good wood sawed in stove lengths at \$4 per cord. J. H. GATELEY.

At Night always have Ackers' Baby Soother at hand. It is the only medicine you need that will soothe the infant, relieve the mother, and give the child a good night's sleep. Price 25 cents. Sold by Prentice & Evenson O. P. O.

NON-JOHN WINANS OPINION.

"Politics are not very lively yet in my part of the state," said Hon. John Winans, of Janesville, who is in the city on business before the U. S. court, last night. "It is too early to say much about state politics, but it will be lively enough all round when the campaign opens."

Mr. Winans says that the democrats in his sections are strongly in accord with the sentiments expressed by Cleveland in his message; and a great many of the republicans are also waking up to the necessity of reducing the surplus, and supporting the president in his views. He thinks Blaine will be the republican candidate for president and that Rusk stands a bare show of getting second place on the ticket. The democratic nomination for vice-president, he thinks, will go to Indiana, New Jersey or Connecticut—probably to Gray, of Indiana. In the republican gubernatorial fight, he is of the opinion that McPetrie has the inside track.—*Nation's Democrat.*

A SEER IN PARAGRAPHS.

Newspaper advertising brightly started righty stark to, mostly backed up, in some business success.

Does advertising pay is no longer an open question. What you want to know is how, when and where to get the best returns from the investment.

When you go fishing you want to be sure the fish know you and are ready to be interviewed, and so you are careful to get good bait. Even more care is necessary in fishing for business.

How to write a rapid business hand. How to spell all the words one uses. How to write good social and business letters.

How to add a column of figures rapidly. How to keep a set of books. How to make out and receipt a bill. How to write a call for a public meeting and a report of the same. How to live within one's income.

THE TUMBLING DISEASE.

The tumbling disease is a rapidly cured by Salvation Oil.

Rev. Wm. H. Chapman, pastor of the M. E. Church, Georgetown, D. C., writes: "Having had an opportunity to test the excellent qualities of Dr. Bell's Cherry Syrup, I hesitate not to say, it is the best remedy I have ever used in my family." For croup and whooping cough it is a sure cure.

HATTIE IRVING.

Miss Hattie Irving, who has returned for a two-week engagement at the Madison Street Theatre, drew a large audience last evening, and vastly amused those who attended, by her acting in the new comedy, "Dot, the Street Wait," in which the "three (scape) greases," are the central figures. It is a decidedly laughable composition, abounding in really amusing situations, now and comedy scenes, funny and grotesque jokes, and if the future may be predicted upon the impression made last evening, this comedy skit is likely to prove a most profitable investment for Miss Irving.—*Chicago Evening Journal.*

Miss Irving and company will appear all next week at Lippin's opera house. Popular prices, 10, 20 and 30 cents, commencing Monday, January 6th.

OBITUARY.

THOMAS J. FOWLE.

News has been received of the death of Thomas J. Fowle, well known in this city, at Fort Worth, Texas. Mr. Fowle leaves a family of a wife and two children. His wife is a daughter of J. M. Mansur, of this county. Mr. Fowle was aged thirty-nine years and four months. His illness was a lingering one, but was borne very patiently, and his death, which occurred on December 24th, will be generally mourned.

WHOSE NEXT?

We, the undersigned barbers, do hereby agree to close our respective places of business at 8 o'clock p. m., Saturday excepted, from the 9th of January, 1888, until April 1st, 1888:

REYNOLDS & MATTHEWS, A. B. TIFT, J. B. HOBBS, WISOT BROS., S. P. SPEAR, G. R. PIERCE, J. L. WILLIAMS, TIM MENESSY, HENRY DIBWELL, HARRY ANDERSON.

DISSOLUTION NOTICE.

The firm heretofore known as the Janesville Furniture Company, is hereby dissolved by mutual consent.

(Signed) W. B. BRITTON, FENNER KIMBALL, W. H. ASHLEY.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 35 degrees above zero. Cloudy with west wind.

At one o'clock p. m. the register was 37 degrees above zero. Cloudy with north wind. For the corresponding hours one year ago the register was 6 below and 1 degree above zero.

FACTS WORTH KNOWING.

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with douches, snuffs, powders, sprays, or ointments, or any similar application, because they are all irritating and do not thoroughly reach the affected surfaces and should be abandoned as worse than failure. A multitude of persons who had for years borne all the worst and pain that catarrh can inflict testify to radical and permanent cures wrought by Ely's Cream Balm.

Babies.

Infants afflicted with colic, wind, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Ackers' Baby Soother. It contains no opium, or morphia, or any other dangerous or harmful substance, and is safe. Price 25 cents. Sold by Prentice & Evenson O. P. O.

On and after January 5th, 1888 the price of books for funerals will be \$4 each.

H. G. CARTER, NICK FRIEDRICH, JAMES RYAN, NELSON BROS, H. S. ANGE.

Janesville, Jan. 5, 1888.

"Get there, get to work, get through, get away." Vin. Bitters does this and you get well.

THE SHOE FACTORY.

Narrow Escape From Total Destruction By Fire This Morning.

Loss Estimated at \$12,000. Insured for that Amount.

At 2:20 o'clock this morning an alarm of fire was turned in from box 31 located at the corner of South Main and South Second streets, which called the fire department to the factory of the Wisconsin Shoe Company, located on the corner of South Main and South Third streets.

The fire was first discovered by Mrs. Fenner Kimball, who resides in the house next north of the factory. Mrs. Kimball happened to be awake at the time, and noticing a bright light shining into her bedroom window, which is located on the north side of the house; she looked out and saw that the shoe factory building was on fire. She hurriedly awakened her husband, and then went to the front door and cried "Fire—fire." There being no one visible on the street, Mr. Kimball told his wife to be quiet, and he would go out and see if the fire could be put out without alarming the city. He hurried over to the factory—all the blaze he could see was the burning of a window curtain on the south side of the building, and apparently in the office. This flame went out when the curtain was extinguished. However, unnoticed smoke pouring out of the building at nearly all the windows in the front part of the building, and could hear a cracking noise made as of burning wood. He then thought of the fire alarm box, and ran to the residence of Mr. Tuckwood on the corner of South Main and South Third streets, thinking Al. Fathers resided there, and after ringing the door bell, he remembered that the key to the alarm box was at Mr. Barr's house, on the opposite corner. Thither he hurried, lost no time in securing the key and turned in the alarm. The fire had not yet shown itself on the outside of the building, and Mr. Kimball remained at the box to inform the fire department of the exact location of the fire.

The department responded in quick time, but the roads were very heavy, in fact the worst roads ever experienced by the department in responding to an alarm. The horses could not be urged fast, or than an ordinary walk, and before the west side engine reached the platform at the jail they became stalled in the deep snow, and it was with much difficulty that the engine was placed in position for work. In a few minutes, however, four powerful streams of water were pouring into the building, and the fire was under control, and was entirely extinguished after working about an hour and a quarter. There was no ready way to reach the roof—the stairs leading to the sky-light or roof terrace, being cut off by fire.

The building is a three-story white brick, and is owned by the Wisconsin Shoe Co. who also occupied it, but the factory has not been in operation for several months. The plant was last inventoried at \$27,800; besides this value there was manufactured stock and machinery valued at \$1,500 and \$2,800 worth of unmanufactured stock stored in the portion of the building destroyed. The principal loss will be confined to the machinery and stock.

The building and machinery had the following insurance with Silas Hoyer's agency:

On BUILDINGS: Fire Association, Philadelphia \$300,000; American Fire \$300,000; Total \$600,000.

On MACHINERY: Fire Association, Philadelphia \$200,000; American Fire \$200,000; Total \$400,000.

Total \$1,000,000.

Besides the above there is an insurance of \$3,000 on building, machinery, stock contents in mutual companies, represented by agencies outside of the city; the amount carried by each company and the amounts on building, machinery and stock, not being obtainable at this time.

The companies carrying the insurance are the Mississippi Valley of Rock Island, the Illinois Mutual, of Alton; the Capital City Mutual of Columbus, Ohio; the Mechanics Mutual of Chicago, and the Forest City Mutual of Cleveland, Ohio.

The loss on the building is variously estimated at from \$800 to \$4,000, while the loss on machinery and stock cannot now be estimated, but will probably exceed the amount of insurance. There was about \$3,500 worth of stock in the building on fire, which is a total loss, and about \$17,000 worth of machinery, more or less damaged by fire and water. The main building was deluged and in its present condition it is impossible to estimate the loss.

There is no doubt as to the origin of the fire. No fire having been in the building for several days. The south door leading to departments on the lower floor was found open this morning by those arriving at the fire first, and it was evident that the fire first started in this room under the stairs leading to the office and upper floors. Whoever struck the match did his work well, but the prompt action of the fire department saved the greater part of the plant.

THE HOSPITAL ASSOCIATION.

The Directors Meet and Elect Officers—Other Business Considered.

The directors of the City Hospital held a meeting yesterday afternoon in the rooms of the Associated Charities, Smith & Jackson block, and elected the following officers:

President—Stanley B. Smith. Vice President—E. F. Ellis. Secretary—E. B. Baimeister. Treasurer—Richard Valentine.

The treasurer reported \$308.40 in the treasury, that sum being the net proceeds of the charity ball on Monday evening last.

The directors decided to rent a building in which rooms could be fitted for hospital purposes. It is contemplated to fit up half a dozen or more beds at the present time for use in case of necessity. It is not the intention of this association to care for persons with contagious diseases, but for those suffering from accidents, and who have no means to care for themselves. Persons having houses to rent for such purposes, will make their proposals to the directors.

CHANGED THE NAME.

No More "Wild" on the Chicago & Northwestern Road.

Several months ago the Northwestern road came out with the word "wild," which was used for naming trains not down on the time-table, would be used no more, and in its place the word "special" would be supplemented. The reason for the change of the name has just been developed. It was on account of the action on Iowa jury trial on a damage case in which a wild train figured. A man had some cattle killed by a wild train in Iowa by the Northwestern road, and brought suit against the company and the latter had the best of the case all through, but when it came to the word "wild" in the naming of the train, the jury defined the word "wild" which they found was, according to their imagination, a train that was run by a man, and did not look out or stop for anything. They accordingly rendered a verdict giving damages to the cattle owner. The company then gave orders to have the name changed—wild trains to level special, to take effect on all the lines on the entire Northwestern system.

IN STUDY AND SHOP.

A very disconcerting known as "creolin," and said to be superior to carbolic and has come into prominence.

Students of steel are being experimented with by galvanizers, with a view to ascertaining the qualities applicable to the process, and it is thought that steel will supplant iron in this industry.

A German authority recommends as very effective an apparently very simple method of protecting iron from rust. The article is immersed in a nearly saturated solution of chloride of tin, then washed in water, and the surface of the iron is then treated with a solution of nitric acid, or it will not rust.

Many times fire balls seem to be discharged during the lightning display, and they seem often to play queer tricks. The true nature of such things is not well known. It may be possible that they are the luminous end of a gentle discharge of current electricity passing between a charged cloud and the earth.

On a recent storm day of electricity, two bodies containing opposite charges have a tendency to rush towards each other, combine and neutralize. This action is illustrated in an ordinary thunder shower, as when they are able to overcome the resistance of the air between them, the opposing charges of electricity leap together with a flash and a report.

Back vitriol is still the popular name for sulphate of copper, which may be obtained in large quantities, and is not well known. It may be possible that they are the luminous end of a gentle discharge of current electricity passing between a charged cloud and the earth.
